About the vintage:

The 2018 vintage was full of richness, marked by the great maturity of the grapes with great ageing potential. Thanks to the rain at the end of August, the vines gave both abundant and very good quality yield. The white grapes were ripe, rich and powerful. Tasted a few months after the bottling, the wines tend to settle down, keeping the richness of the fruit, and developing a slight toasted and mineral reduction notes, typical of great Chardonnays. The Pinots Noirs were very ripe with a dark ruby color and a strong tannic structure: on some vintages they sometimes take on southern accents!

TERROIR

Old Pinot Noir vines located in the Côte Chalonnaise and mostly planted in the 1970s.

VITICULTURAL PRACTICES

The vines are grown organically. Mechanical soil tillage. They are pruned in simple guyot with long sticks and disbudded every other eye, so the bunches are well aerated and beautiful.

VINIFICATION

Grapes harvested by hand in crates, sorted on a sorting table and destemmed at 100%, the whole berries are conveyed into vats in small stainless steel wagons so as not to crush the raw material. Traditional Burgundy vinification, in open thermoregulated vats.

AGEING

15 months, including 12 months in oak barrels (in barrels and casks).
Light filtration before bottling.
